You could be missing the best per dollar advertising exposure available in the Southern California market, and it's taking place right in your own backyard!

Professional Speedway Motorcycle Racing has a long and rich history at the Orange County Fairgrounds in Costa Mesa. For over 40 years the weekly Speedway races at Costa Mesa Speedway have been the most exciting and colorful family entertainment in Southern California.

The evenings fast paced schedule features the Nation's best professional racers competing elbow-to-elbow on incredible alcohol burning motorcycles, with no brakes! Throw in daring Freestyle Motocross riders and hardcore Harley racers for a night of spills and thrills.

The Costa Mesa Speedway arena grandstand seating puts spectators on top of all the action and race fans are encouraged to visit the pits after the races to meet their favorite riders and examine the machines, firsthand.

The truth is that Costa Mesa Speedway is America's premier Speedway facility, drawing between 3,000 and 6,000 spectators to it's weekly events. It isn't often that an event takes place locally, which on a weekly basis, directly targets your potential customers. Active race fans are acknowledged as the most "sponsor loyal" of all consumer groups and we have got thousands of them.

Please review the advertising rate card outlining Costa Mesa Speedway's rates. Contact us as soon as possible to confirm your position as an Official Sponsor of Costa Mesa Speedway.
